Junior High School Implementation Agreement

Thank you for your interest in the Teens in the Driver Seat – Junior High (TDS-JH) program. With teenage deaths related to car crashes reaching epidemic proportions, your support of this program can help save the lives of your teens.

The seven steps required to implement the TDS-JH program at your school are listed in the following chart. After completing all of the steps, a plaque will be awarded to your Junior High School and certificates of completion will be awarded to your TDS-JH Team Members.

	Item	Date Initiated	Date Accomplished
1	School agrees to implement the TDS-JH program.		
2	School participates in anonymous student assessments and/or field studies prior to implementing the program.		
3	TTI holds initial meeting with TDS-JH sponsor and student team, explaining program and providing statistical data.		
4	School orders free TDS-JH promotional items. *		
5	TTI holds a follow-up meeting with TDS-JH sponsor and student team. School updates TTI on their implementation of the TDS-JH program once every 6 weeks.		
6	School participates in same assessment(s) conducted in Step 2 (above) after TDS-JH program implementation, to measure changes.		
7	Plaque awarded to your Junior High School and certificates of completion awarded to the TDS-JH Team Members.		

By signing below, your school agrees to implement the TDS-JH program and the steps listed above during the current school year.

Texas Transportation Institute (TTI) staff is available to assist sponsors and students throughout this process.

We appreciate your efforts to make this program a success!
